NOTICE TO TOWN OF FISHKILL RESIDENTS

Brinkerhoff Water District

August 6, 2015

Residents of the Brinkerhoff Water District in the Town of Fishkill are being advised that CAMO Pollution Control, Inc. will be making repairs to the water main on Tuesday, August 11, 2015. The repairs may require the water to be turned off, or you may experience low water pressure between the hours of 9:00 a.m. and 3:00 p.m. As a result, residents should make plans for limited water use during these hours. When the water pressure is returned, the water may be turbid for a short time, but will remain sanitary. If there is inclement weather, repairs will be made on Wednesday, August 12, 2015 during the same hours. Please consult the Town of Fishkill web site for updates.

Again, when the repairs have been completed and the water is turned back on, residents may experience erratic water pressure and turbid water conditions. This condition will only be temporary. AT ALL TIMES THE WATER WILL MEET SATISFACTORY SANITARY QUALITY.

If you have any questions, please call CAMO Pollution Control, Inc. at (845) 463-7310.
