## **INDEPENDENT AUDITOR'S REPORT**

June 20, 2017

The Honorable Supervisor and Town Board  
of the Town of Fishkill, New York:

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Fishkill, New York (the Town) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

6 Wembley Court  
Albany, New York 12205  
p (518) 464-4080  
f (518) 464-4087

## **INDEPENDENT AUDITOR'S REPORT (Continued)**

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Fishkill, New York, as of December 31, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter – Adoption of New Accounting Pronouncement**

As discussed in Note 2 to the financial statements, in 2016, the Town adopted Governmental Accounting Standards Board Statement No. 77, *Tax Abatements*. Our opinions are not modified with respect to these matters.

### **Report on Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of funding progress – other post employment benefit plan, schedules of proportionate share of the net pension liability(asset) and contributions – pension plans and the schedules of revenues, expenditures, and changes in fund balances – budget and actual as listed in the accompany table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The combining schedules, on pages 47 to 56, are presented for purposes of additional analysis and are not a required part of the basic financial statements. These combining schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

# TOWN OF FISHKILL, NEW YORK

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) FOR THE YEAR ENDED DECEMBER 31, 2016

---

### GENERAL OVERVIEW

The following discussion and analysis of the Town of Fishkill, New York's ("Town") financial statements provides an overview of the financial activities of the Town for the year ended December 31, 2016. This should be read in conjunction with the basic financial statements and the accompanying notes to those financial statements that follow this section.

### FINANCIAL HIGHLIGHTS

- For the year ended December 31, 2016, the Town implemented the provisions of the Governmental Accounting Standards Board ("GASB") Statement No. 77, *Tax Abatement Disclosures*. (Statement No. 77) Statement No. 77 established new financial reporting requirements for financial statement users to understand certain limitations on a government's ability to raise resources. This includes limitations on revenue-raising capacity resulting from government programs that use tax abatements to induce behavior by individuals and entities that is beneficial to the government or its citizens. Tax abatements are widely used by state and local governments, particularly to encourage economic development. For financial reporting purposes, Statement No. 77 defines a tax abatement as resulting from an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens.
- On the government-wide financial statements, the assets and deferred outflows of resources of the Town exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$19,045,106. The unrestricted portion, which is available to meet ongoing obligations of the Town, reflected a net position of \$7,671,013, an increase in net position of \$3,794,196 from the prior fiscal year.
- As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$12,854,800 an increase of \$2,967,030 from the prior fiscal year. This increase results primarily from continuing to reduce short-term debt, a reduction in spending, and reducing inter-fund transfers
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$1,389,101 or 34% of total General Fund expenditures and other financing uses. This represents a decrease of \$487,097 from the prior year.
- At the end of the 2016 year, the Town has \$2,005,000 in short-term capital obligations (no new debt) to finance the cost of capital improvement projects to its water and sewer plants, by redeeming \$1,001,101 of short-term debt obligations. During the year, the Town retired \$773,513 of long- term bonded debt.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. The basic financial statements include three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to financial statements. This report also includes other supplementary information as listed in the table of contents.

# TOWN OF FISHKILL, NEW YORK

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) FOR THE YEAR ENDED DECEMBER 31, 2016

---

- The *statement of activities* presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (for example, earned but unused vacation leave, landfill closure costs and other post-employment benefit obligations).
- The *government-wide financial statements* present the functions of the Town that are principally supported by taxes and intergovernmental revenues for governmental services. The governmental activities of the Town include: general government support, public safety, health, transportation, culture and recreation, home and community services and interest.

The government-wide financial statements can be found immediately following this discussion and analysis

### Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related and legal requirements. All of the funds of the Town can be divided into two categories: governmental funds and fiduciary funds.

- *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains the following governmental funds: General Funds, Highway Funds, Special Districts Funds (Ambulance District, Nine Lighting Districts, Twelve Sewer Districts and Seven Water Districts), Capital Projects Fund, and Special Purpose Fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Special Districts Fund, and Capital Projects Fund, since they are classified as major funds. Individual fund data for the Highway Fund, Debt Service, and Special Purpose Fund is included under the caption "Non-Major Governmental Funds."

The Town adopts annual appropriated budgets for the General Funds, Highway Funds, Special Districts Funds, and Debt Service Fund. A budgetary comparison statement has been provided for the General, Town Outside Village, and Special Districts funds to demonstrate compliance with the respective budgets.

# TOWN OF FISHKILL, NEW YORK

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) FOR THE YEAR ENDED DECEMBER 31, 2016

---

### OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

- *Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's programs. Resources are held in these funds by the Town purely in a custodial capacity.
- *The financial statements* for the governmental and fiduciary funds can be found in the basic financial statements section of this report.

### Notes to Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to financial statements are located following the basic financial statements section of this report.

### Other Information

Additional statements and schedules can be found immediately following the notes to financial statements. These include the required supplementary information schedules for the Town's OPEB obligations and net pension liabilities, the combining statements for the non-major governmental funds and schedules of budget to actual comparisons.

### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of the Town's financial position. The Town's net position at fiscal year-end December 31, 2016, was \$19,045,106. Of this amount, \$1,964,166 is restricted for various purposes and the net investment in capital assets account for \$9,409,927 of the total net position. The Town uses these capital assets to provide services to citizens. Consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The unrestricted balance of the net position is \$7,671,013.

### Summary Statement of Net Position

	<u>2016</u>	<u>2015</u>
Assets:		
Current assets	\$ 16,191,076	\$ 14,788,952

### GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

#### Summary Statement of Change in Net Position

	<u>2016</u>	<u>2015</u>
Revenues:		
Program revenues		
Charges for services	\$ 5,318,128	\$ 5,953,654
Operating grants and contributions	375,933	243,882
Capital grants and contributions	106,777	60,430
General Revenues		
Real Property taxes	8,272,480	8,503,617
Unrestricted state aid	654,613	839,887
Other	<u>2,156,127</u>	<u>1,629,095</u>
Total revenues	<u>16,884,058</u>	<u>17,230,565</u>
Expenses:		
General governmental support	2,877,773	2,578,787
Public safety	2,988,960	2,961,593
Public health	23,827	28,448
Transportation	2,023,868	2,328,873
Economic assistance and opportunity	17,940	17,940
Culture and recreation	1,394,691	983,871
Home and community services	3,351,182	3,097,799
Interest on long-term debt	<u>411,621</u>	<u>485,386</u>
Total expenses	<u>13,089,862</u>	<u>12,482,697</u>
Change in net position	3,794,196	4,747,868
Net position - beginning of year, as restated for 2015	<u>15,250,910</u>	<u>10,503,042</u>
Net position - end of year	<u>\$ 19,045,106</u>	<u>\$ 15,250,910</u>

Governmental activities increased the Town's net position by \$3,794,196. Last year, the increase in governmental activities net position was \$4,747,868.

#### Change in Net Position

For the fiscal year ended December 31, 2016, revenues from governmental activities totaled \$16,884,058. Tax revenues of \$8,272,480 represent the largest revenue source (49%). Last year, tax revenues accounted for \$8,503,617, or 49%, of the total revenue of \$17,230,565. The decrease of \$346,507 in total revenues is the result of the following:

- Fines and Forfeited Bail revenue decreased by \$137,371 due to a reduction in court sessions
- Real Property Tax Levy decreased in total by \$231,136 from 2015 to 2016.
- Building & Alterations Permits decreased by \$159,000 primarily due to a single permit issued in 2015 for a proposed hotel in the amount of \$122,000

For the fiscal year ended December 31, 2016, expenses from governmental activities totaled \$13,089,862. The largest components of governmental activities expenses are public safety of \$2,988,960 (23%), transportation of \$2,023,868 (15%), home and community services of \$3,351,182 (26%), and general government support of \$2,877,773 (22%). Overall expenses increased from the prior year by \$607,65 or 5% due in large part to increased staffing levels and associated costs.

# TOWN OF FISHKILL, NEW YORK

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) FOR THE YEAR ENDED DECEMBER 31, 2016

---

### FINANCIAL ANALYSIS OF THE TOWN'S FUNDS

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

#### **Governmental Funds**

GASB issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, in February 2009. The requirements of GASB Statement No. 54 became effective for financial statements for the Town's fiscal period ending December 31, 2011. GASB Statement No. 54 abandoned the reserved and unreserved classifications of fund balance and replaced them with five new classifications: nonspendable, restricted, committed, assigned, and unassigned. An explanation of these classifications follows below.

Nonspendable - consists of assets that are inherently nonspendable in the current period either because of their form or because they must be maintained intact, including prepaid items, inventories, long-term portions of loans receivable, financial assets held for resale, and principal of endowments.

Restricted - consists of amounts that are subject to externally enforceable legal purpose restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation.

Committed - consists of amounts that are subject to a purpose constraint imposed by a formal action of the government's highest level of decision-making authority before the end of the fiscal Year, and that require the same level of formal action to remove the constraint.

Assigned - consists of amounts that are subject to a purpose constraint that represents an intended use established by the government's highest level of decision-making authority, or by their designated body or official. The purpose of the assignment must be narrower than the purpose of the General Fund, and in funds other than the General Fund, assigned fund balance represents the residual amount of fund balance.

Unassigned - represents the residual classification for the government's General Fund, and could report a surplus or deficit. In funds other than the General Fund, the unassigned classification should be used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

These changes were made to reflect spending constraints on resources, rather than availability for appropriations and to bring greater clarity and consistency to fund balance reporting. This pronouncement should result in an improvement in the usefulness of fund balance information.

The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as it represents the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the Town itself, or an individual that has been delegated authority to assign resources for use for particular purposes by the Town Board.

As of the end of the current fiscal year, the Town's governmental funds reported a combined ending fund balance of \$12,854,800, an increase of \$2,967,030 from the prior year. Total unassigned fund balance is \$594,142 (this includes a deficit fund balance in the capital fund of \$794,959). The remaining fund balance is non-spendable, restricted, or assigned to indicate that the funds have already been committed for encumbrances, unemployment, insurance reserves, capital projects, debt service, special purpose and special districts.

# TOWN OF FISHKILL, NEW YORK

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) FOR THE YEAR ENDED DECEMBER 31, 2016

---

### FINANCIAL ANALYSIS OF THE TOWN'S FUNDS (Continued)

The General Fund is the primary operating fund of the Town. At the end of the current fiscal year, the total fund balance of the General Fund was \$1,774,349.

Actual results of operations resulted in a decrease of \$159,737 in the General Fund. The decrease in fund balance was a result of the use of \$513,571 of fund balance for the 2016 budget offset by an overall positive budgetary variance of \$353,834.

In the Town Outside Village Fund (B), the fund balance increased by \$948,630, which resulted in a positive position of fund balance of \$2,658,236. Revenues overall came in higher than budgeted by approximately \$68,524 and expenditures were lower than budgeted by approximately \$918,277.

In the combined Highway Funds, the fund balance increased by \$420,033 in the current fiscal year. Ending the year with a total fund balance of \$2,037,375 compared to the balance at the beginning of the year of \$1,617,342. Revenues and expenditures remained fairly on budget except for transportation expenditures which were \$328,406 under budget due to reduced snowplowing expenditures and reduced employee benefit costs.

### Capital Assets

The Town's net investment in capital assets for its governmental activities as of December 31, 2016, amounted to \$29,706,685. The net investment in capital assets includes land, buildings and improvements, machinery and equipment, infrastructure, and construction-in-progress.

<u>Class</u>	<u>2016</u>	<u>2015</u>
Land	\$ 3,133,319	\$ 3,133,319
Buildings and Improvements	19,568,626	20,189,979
Infrastructure	4,706,801	4,211,061
Machinery and equipment	1,664,146	391,122
Construction in progress	633,793	282,285
	<u>\$ 29,706,685</u>	<u>\$ 28,207,766</u>

### Long-Term Liabilities

At the end of the current fiscal year, the Town had total bonded debt outstanding of \$17,226,827. All bonds issued by the Town are general obligation bonds backed by the full faith and credit of the Town. The Town has other long-term liabilities summarized below that make up for the remaining long-term liability balance.

New York State statutes place a limit on the maximum amount of total outstanding long-term debt that may be incurred by a local municipal entity at no more than seven percent of the five-year average full valuation of all real property. The Town's current constitutional debt limitation is \$168,480,741 and the Town has consumed only 4.54% of the debt contracting capacity.

	<u>2016</u>	<u>2015</u>
Bonds Payable	\$ 17,226,827	\$ 18,000,340
Compensated Absences	130,530	172,630
Landfill post-closure costs	315,000	345,100
Capital Lease	1,064,931	209,227
Net pension liability	1,892,552	290,283
Other postemployment benefits	4,716,609	4,126,015
	<u>\$ 25,346,449</u>	<u>\$ 23,143,595</u>

# **TOWN OF FISHKILL, NEW YORK**

## **MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) FOR THE YEAR ENDED DECEMBER 31, 2016**

---

### **FACTORS BEARING ON THE TOWN'S FUTURE**

According to the United States Bureau of Labor Statistics, the unemployment rate for the Town was 4.0% as of December 31, 2016, which compares favorably to the 4.8% rate for New York State. The 1.9% increase in the 2016 Consumer Price Index for the Northeast Urban area was higher than the 2015 increase of .5%

As a result of the national economic conditions, the pension portfolio value of the New York State and Local Retirement Systems ("Systems"), of which the Town is a member, had declined dramatically in the early part of this decade. The result was that the Town's employee pension contribution rates had increased substantially from what they had been during the late 1990's. Contributions by the Town are significantly greater than they were just five years ago. Additionally, the costs of employee health insurance premiums have also been escalating at double digit rates at the same time. As a result and in order to manage the increases in health insurance premiums, the Town went to a high-deductible medical plan and partially funded the health reimbursement accounts for benefits eligible employees with the plan renewal date of December 1, 2013.

In June 2011, New York State enacted Chapter 97, Laws of 2011 Real Property Tax Levy Cap and mandate relief provisions, which includes a 2% property tax cap for municipalities. Beginning in 2012, no local government is authorized to increase its property tax levy by more than 2% or the rate of inflation (whichever is less). However, local governments may exceed the tax levy limit by a 60% vote of the governing board and annually adopting a local law. In 2017, the allowable levy increase was 1.39%. With continued efforts of stricter fiscal oversight, cost-cutting initiatives and proper capital planning, the Town was able to remain well under the tax cap in the 2017 budget.

The Town will continue to closely monitor current economic conditions and make adjustments as necessary.

### **Requests for Information**

This financial report is designed to provide a general overview of the Town of Fishkill, New York's finances for all those with an interest in those finances. Questions and comments concerning any of the information provided in this report should be addressed to:

## RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION DECEMBER 31, 2016

---

Total fund balance - governmental funds	\$ 12,854,800
Total net assets reported for governmental activities in the statement of net position is different because:	
Capital assets used in governmental activities are not current financial resources and; therefore, are not reported in the funds.	29,706,685
Governmental funds do not reflect the effect of losses on refunding bonds and deferred amounts related to net pension assets (liabilities) whereas these amounts are deferred and amortized in the statement of activities	
Deferred outflows of resources - pensions	2,224,866
Deferred inflows of resources - pensions	(313,237)
Deferred amounts on refunding bonds	60,533
Long-term liabilities that are not due and payable in current periods are not reported in the funds	
Accrued interest payable	(142,092)
Bonds payable	(17,226,827)
Capital lease payable	(1,064,931)
Other post employment benefit obligation	(4,716,609)
Net pension liability	(1,892,552)
Compensated absences	(130,530)
Landfill closure obligation	<u>(315,000)</u>
Total net position of governmental activities	<u>\$ 19,045,106</u>

The accompanying notes are an integral part of these statements.

# TOWN OF FISHKILL, NEW YORK

## RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2016

---

Net change in fund balances - governmental funds \$ 2,967,030

Amounts reported for governmental activities in the statement of activities  
are different because:

Governmental funds report outlays for capital assets as expenditures  
because such outlays use current financial resources. In contrast, the  
statement of activities reports only a portion of the outlay as expense.

Capital outlay expenditures	2,421,355
Depreciation expense	(922,436)

Long-term debt proceeds provide current financial resources to governmental  
funds, but issuing debt increases long-term liabilities in the statement of net  
position. Repayment of long-term debt principal is an expenditure in the  
governmental funds, but the repayment reduces long term liabilities in the  
statement of net position.

Capital lease issued	(1,200,000)
Principal paid on bonds	773,513
Principal paid on capital lease	344,296
Amortization of loss on refunding bonds	(4,484)

Some expenses reported in the statement of activities do not require the use  
of current financial resources and; therefore, are not reported as expenditures  
in governmental funds.

Accrued interest	16,718
Pension obligations	(83,402)
Compensated absences	42,100
Landfill closure obligation	30,100
Other post employment benefit obligation	<u>(707,801)</u>

Change in net position of governmental activities \$ 3,676,989

## TOWN OF FISHKILL, NEW YORK

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016

---

#### 1. Summary Of Significant Accounting Policies

The Town of Fishkill, New York ("Town") was established in 1788, and operates in accordance with Town Law and the various other applicable laws of the State of New York. The Town Board is the legislative body responsible for overall operation. The Town Supervisor serves as the chief executive officer and the Town Comptroller serves as the chief financial officer. The Town provides the following services to its residents: public safety, health, transportation, economic opportunity and development, culture and recreation, home and community services, and general and administrative support.

The accounting policies of the Town conform to generally accepted accounting principles as applicable to governmental units and the Uniform System of Accounts as prescribed by the State of New York. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the Town's more significant accounting policies:

#### **Financial Reporting Entity**

The financial reporting entity consists of a) the primary government, which is the Town, b) organizations for which the Town is financially accountable and c) other organizations for which the nature and significance of their relationship with the Town are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete as set forth by GASB.

In evaluating how to define the Town, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the Town's reporting entity was made by applying the criteria set forth by GASB, including legal standing, fiscal dependency and financial accountability. Based upon the application of these criteria, there are no other entities which would be included in the financial statements.

#### **Basis of Presentation**

##### *Government-Wide Statements*

The government-wide financial statements (i.e. the Statement of Net Position and the Statement of Activities) report information on all non-fiduciary activities of the Town as a whole. For the most part, the effect of interfund activity has been removed from these statements, except for interfund services provided and used. Governmental activities, which are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, if applicable, which rely, to a significant extent, on fees and charges for support.

The Statement of Net Position presents the financial position of the Town at the end of its fiscal year. The Statement of Activities demonstrates the degree to which direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods or services, or privileges provided by a given function or segment, (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment and (3) interest earned on grants that is required to be used to support a particular program. Taxes and other items not identified as program revenues are reported as general revenues. The Town does not allocate indirect expenses to functions in the Statement of Activities.

**1. Summary Of Significant Accounting Policies (Continued)**

*Fund Financial Statements*

The accounts of the Town are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts which comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances/net position, revenues, and expenditures. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance related legal and contractual provisions. The Town maintains the minimum number of funds consistent with legal and managerial requirements. The focus of governmental fund financial statements is on major funds as that term is defined in professional pronouncements. Each major fund is to be presented in a separate column, with non-major funds, if any, aggregated and presented in a single column. Fiduciary funds are reported by type. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental activities column, a reconciliation is presented on the pages following, which briefly explains the adjustments necessary to transform the fund based financial statements into the governmental activities column of the government-wide presentation. The Town's resources are reflected in the fund financial statements in two broad fund categories, in accordance with generally accepted accounting principles as follows:

Governmental Funds - Governmental Funds are those through which most general government functions are financed. The acquisition, use, and balances of expendable financial resources and the related liabilities are accounted for through governmental funds. The following are the Town's major governmental funds:

General Fund - The General Fund constitutes the primary operating fund of the Town and is used to account for and report all financial resources not accounted for and reported in another fund.

Special Revenue Funds - Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted, committed, or assigned for expenditures for specified purposes other than debt service or capital projects. The major special revenue funds of the Town are as follows:

Town Outside Village Fund - The Town Outside Village Fund is used to account for transactions which by statute affect only those areas outside the boundaries of the Village located within the Town. The major revenues of this fund are real property taxes and non-property taxes.

Special Districts Fund - The Special Districts Fund is provided to account for the operation and maintenance of the Town's ambulance, lighting, sewer and water districts. The major revenues of this fund are real property taxes and departmental income.

Highway Fund - The Highway Fund is used to account for road and bridge maintenance and improvements as defined in the Highway Law of the State of New York.

Capital Projects Fund - The Capital Projects Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of major capital facilities and other capital assets.

**TOWN OF FISHKILL, NEW YORK**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016**

---

**1. Summary Of Significant Accounting Policies (Continued)**

The Town also reports the following non-major governmental funds.

Special Revenue Fund - Special Purpose Fund - The Special Purpose Fund is used to account for assets held by the Town in accordance with the terms of a trust agreement.

Debt Service Fund - The Debt Service Fund is provided to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest and for financial resources that are being accumulated for principal and interest maturing in future years

Fiduciary Funds (not included on government-wide financial statements) - The Fiduciary Funds are used to account for assets held by the Town in an agency capacity on behalf of others. The Agency Fund is used to account for various deposits that are payable to other jurisdictions or individuals.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources (current assets less current liabilities) or economic resources (all assets and liabilities). The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. The Agency Fund has no measurement focus but utilizes the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Property taxes are considered to be available if collected within sixty days of the fiscal year end. A ninety day availability period is generally used for revenue recognition for most other governmental fund revenues. Property taxes associated with the current fiscal period as well as charges for services and intergovernmental revenues are considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Fees and other similar revenues are not susceptible to accrual because generally they are not measurable until received in cash. If expenditures are the prime factor for determining eligibility, revenues from Federal and State sources are recognized when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to retirement incentives and other pension obligations, compensated absences, net pension liability, landfill closure costs, and other post-employment benefit obligations are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

**TOWN OF FISHKILL, NEW YORK**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016**

---

**1. Summary Of Significant Accounting Policies (Continued)**

**Cash and Equivalents** – Cash and equivalents consist of funds deposited in demand deposit accounts, time deposit accounts and certificates of deposit with original maturities of less than three months.

The Town's investment policies are governed by State statutes. The Town has adopted its own written investment policy which provides for the deposit of funds in FDIC insured commercial banks or trust companies located within the State. The Town is authorized to use demand deposit accounts, time deposit accounts, and certificates of deposit. Permissible investments include obligations of the U.S. Treasury, U.S. Agencies, repurchase agreements, and obligations of New York State or its political subdivisions, and accordingly, the Town's policy provides for no credit risk on investments.

Collateral is required for demand deposit accounts, time deposit accounts, and certificates of deposit at 100% of all deposits not covered by Federal deposit insurance. The Town has entered into custodial agreements with the various banks which hold their deposits. These agreements authorize the obligations that may be pledged as collateral. Such obligations include, among other instruments, obligations of the United States and its agencies and obligations of the State and its municipal and school district subdivisions.

Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. GASB Statement No. 40 directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are either uncollateralized, collateralized by securities held by the pledging financial institution, or collateralized by securities held by the pledging financial institution's trust department but not in the Town's name. The Town's aggregate bank balances that were not covered by depository insurance were not exposed to custodial credit risk at December 31, 2016.

**Restricted Investments** – Restricted investments consist of funds held by a State agency. These funds are to be used for various sewer system upgrades.

**Taxes Receivable** – Real property taxes attach as an enforceable lien on real property and are levied on January 1st. The Town collects county, town, highway, and special district taxes which are due February 1st and payable without penalty to February 28th. The Town retains the total amount of town, highway, and special district levies from the total collections and returns the balance plus the uncollected items to the County, which assumes collection responsibility.

**Other Receivables** – Other receivables include amounts due from other governments and individuals for services provided by the Town. Receivables are recorded and revenues recognized as earned or as specific program expenditures are incurred. Allowances are recorded when appropriate.

**Due From/To Other Funds** – During the course of its operations, the Town has numerous transactions between funds to finance operations, provide services, and construct assets. To the extent that certain transactions between funds had not been paid or received as of December 31, 2016, balances of interfund amounts receivable or payable have been recorded in the fund financial statements.

TOWN OF FISHKILL, NEW YORK

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016

---

1. Summary Of Significant Accounting Policies (Continued)

**Prepaid Expenses/Expenditures** – Certain payments to vendors reflect costs applicable to future accounting periods, and are recorded as prepaid items using the consumption method in both the government-wide and fund financial statements. Prepaid expenses/expenditures consist of costs which have been satisfied prior to the end of the fiscal year, but represent items which have been provided for in the subsequent years budget and will benefit such periods reported amounts in governmental funds are equally offset by nonspendable fund balance, in the fund financial statements, which indicates that these amounts do not constitute "available spendable resources" even though they are a component of current assets.

**Inventory** – There are no inventory values presented in the balance sheets of the respective funds of the Town. Purchases of inventorable items at various locations are recorded as expenditures at the time of purchase and year-end balances at these locations are not material.

**Capital Assets** – Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks and similar items) are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$2,500 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the Town chose to include all such items regardless of their acquisition date or amount. The Town was able to estimate the historical cost for the initial reporting of these assets through backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year).

Major outlays for capital assets and improvements are capitalized as projects are constructed. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives is not capitalized.

Land and construction-in-progress are not depreciated. Property, plant, equipment, and infrastructure of the Town are depreciated using the straight line method over the following estimated useful lives.

<u>Class</u>	<u>Life in Years</u>
Buildings and Improvements	10-40
Infrastructure	20-40
Machinery and Equipment	3-20

The costs associated with the acquisition or construction of capital assets are shown as capital outlay expenditures on the governmental fund financial statements. Capital assets are not shown on the governmental fund balance sheet.

**Unearned Revenues** – Unearned revenues arise when assets are recognized before revenue recognition criteria have been satisfied. In the government-wide financial statements, unearned revenues consist of revenue received in advance and/or amounts received before the eligibility requirements have been met.

1. Summary Of Significant Accounting Policies (Continued)

**Deferred Outflows/Inflows of Resources** – In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

The Town has reported deferred outflows of resources of \$60,533 for governmental activities for a deferred amount on refunding bonds in the government-wide Statement of Net Position. These amounts result from the difference in the carrying value of the refunded debt and its reacquisition price. These amounts are deferred and amortized over the shorter of the life of the refunded or refunding debt.

The Town reports deferred outflows of resources and deferred inflows of resources in relation to its pension obligations. These amounts are detailed in the discussion of the Town's pension plans in Note 6.

**Long-Term Liabilities** – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as Capital Projects Fund expenditures.

**Compensated Absences** – Town policy provides for the payment of accumulated vacation and sick leave upon separation from service. The liability for such accumulated leave is reflected in the government-wide Statement of Net Position as current and long-term liabilities. A liability for these amounts is reported in the governmental funds only if the liability has matured through employee resignation or retirement. The liability for compensated absences includes salary related payments, where applicable.

**Net Pension Liability** – The net pension liability represents the Town's proportionate share of the net pension liability of the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System. The financial reporting of these amounts are presented in accordance with the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*.

**Net Position** – Net position represent the difference between assets/deferred outflows of resources and liabilities/deferred inflows of resources. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position on the Statement of Net Position include, net investment in capital assets, restricted for unemployment benefits, debt service, and future capital projects. The remaining balance is classified as unrestricted. It is the Town's policy to first use restricted amounts first and then unrestricted amounts as they are needed.

## TOWN OF FISHKILL, NEW YORK

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016

---

#### 1. Summary Of Significant Accounting Policies (Continued)

**Fund Balance** – Generally, fund balance represents the difference between current assets and deferred outflows of resources and current liabilities and deferred inflows of resources. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Under this standard the fund balance classifications are as follows:

Nonspendable fund balance - includes amounts that cannot be spent because they are either not spendable form (inventories, prepaid amounts, long-term receivables, advances) or they are legally or contractually required to be maintained intact (the corpus of a permanent fund). The Town's nonspendable fund balance arises from prepaid amounts.

Restricted fund balance - is reported when constraints placed on the use of the resources are imposed by granters, contributors, laws or regulations of other governments or imposed by law through enabling legislation includes a legally enforceable requirement that these resources be used only for the specific purposes as provided in the legislation. This fund balance classification is used to report funds that are restricted for debt service obligations, and for other items contained in General Municipal Law of the State of New York.

Committed fund balance - is reported for amounts that can only be used for specific purposes pursuant to formal action of the entity's highest level of decision making authority. The Town Board is the highest level of decision making authority for the Town that can, by the adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, these funds may only be used for the purpose specified unless the entity removes or changes the purpose by taking the same action that was used to establish the commitment. This classification includes appropriated fund balance for the 2017 budget which has been approved by the Town Board.

Assigned fund balance, in the General Fund, represents amounts constrained either by policies of the Town Board for amounts assigned for balancing the subsequent year's budget or the Town Supervisor for amounts assigned for encumbrances. Unlike commitments, assignments generally only exist temporarily, in that additional action does not normally have to be taken for the removal of an assignment. An assignment cannot result in a deficit in the unassigned fund balance in the General Fund. Assigned fund balance in all other governmental funds represents any positive remaining amount after classifying nonspendable, restricted, or committed fund balance amounts.

Unassigned fund balance, in the General Fund, represents amounts not classified as nonspendable, restricted, committed, or assigned. The General Fund is the only fund that would report a positive amount in unassigned fund balance. For all governmental funds other than the General Fund, unassigned fund balance would necessarily be negative, since the fund's liabilities and deferred inflows of resources, together with amounts already classified as nonspendable, restricted, and committed, would exceed the fund's assets and deferred outflows of resources.

In order to calculate the amounts to report as restricted and unrestricted fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the Town's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the Town's policy to use fund balance in the following order: committed, assigned, and unassigned.

**1. Summary Of Significant Accounting Policies (Continued)**

**Encumbrances** – In governmental funds, encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve applicable appropriations, is generally employed as an extension of formal budgetary integration in the General, Town Outside Village, Special Districts, and Highway funds. Encumbrances outstanding at year-end are generally reported as assigned fund balance since they do not constitute expenditures or liabilities. The Town has not yet implemented an encumbrance system.

**Use of Estimates** – The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**2. Stewardship, Compliance, And Accountability**

**Budgetary Data**

The Town generally follows the procedures enumerated below in establishing the budgetary data reflected in the financial statements:

- a) Prior to September 20th, the head of each administrative unit shall submit to the budget officer an estimate of revenues and expenditures for such administrative unit for the ensuing year.
- b) The budget officer, upon completion of the review of the estimates, shall prepare a tentative budget and file such budget in the office of the Town Clerk on or before September 30th.
- c) On or before October 5th, the Town Clerk shall present the tentative budget to the Town Board.
- d) Once the tentative budget is approved by the Town Board, it becomes the preliminary budget. The Town Board then files the preliminary budget with the Town Clerk, where it is available for inspection. In addition, the Board shall cause to be published a notice specifying a time and place for a public hearing.
- e) At the public hearing, taxpayers may comment on the preliminary budget.
- f) On or before November 20th, the Town Board shall adopt the preliminary budget as originally compiled or it may, by a majority vote, diminish or reject certain items contained therein as prescribed by law.
- g) Formal budgetary integration is employed during the year as a management control device for General, Town Outside Village, Special Districts, and Highway funds.
- h) Budgets for General, Town Outside Village, Special Districts, and Highway funds are legally adopted annually on a basis consistent with generally accepted accounting principles. The Capital Projects Fund is budgeted on a project basis. An annual budget is not adopted by the Town Board for the Debt Service and Special Purpose funds.

## TOWN OF FISHKILL, NEW YORK

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016

---

#### 2. Stewardship, Compliance, And Accountability (Continued)

- i) The Town Board has established legal control of the budget at the function level of expenditures. Transfers between appropriation accounts, at the function level, require approval by the Town Board. Any modification to appropriations resulting from an increase in revenue estimates or supplemental reserve appropriations also require a majority vote by the Board.
- j) Appropriations in General, Town Outside Village, Special Districts and Highway funds lapse at the end of the fiscal year, except that outstanding encumbrances are re-appropriated in the succeeding year, pursuant to the Uniform System of Accounts promulgated by the Office of the State Comptroller.

Budgeted amounts are as originally adopted or as amended by the Town Board.

#### Property Tax Limitations

The Town is not limited as to the maximum amount of real property taxes which may be raised. However, on June 24, 2011, the Governor signed Chapter 97 of the Laws of 2011 ("Tax Levy Limitation Law"). This applies to all local governments.

The Tax Levy Limitation Law restricts the amount of real property taxes that may be levied by a Town in a particular year. The original legislation that established the Tax Levy Limitation Law was set to expire on June 16, 2016. Chapter 20 of the Laws of 2015 extends the Tax Levy Limitation Law through June 2020.

The following is a brief summary of certain relevant provisions of the Tax Levy Limitation Law. The summary is not complete and the full text of the Tax Levy Limitation Law should be read in order to understand the details and implementations thereof. The Tax Levy Limitation Law imposes a limitation on increases in the real property tax levy, subject to certain exceptions. The Tax Levy Limitation Law permits the Town to increase its overall real property tax levy over the tax levy of the prior year by no more than the "Allowable Levy Growth Factor," which is the lesser of one and two-one hundredths or the sum of one plus the Inflation Factor; provided, however, that in no case shall the levy growth factor be less than one. The "Inflation Factor" is the quotient of: (i) the average of the 20 National Consumer Price Indexes determined by the United States Department of Labor for the twelve-month period ending six months prior to the start of the coming fiscal year minus the average of the National Consumer Price Indexes determined by the United States Department of Labor for the twelve-month period ending six months prior to the start of the prior fiscal year, divided by (ii) the average of the National Consumer Price Indexes determined by the United States with the result expressed as a decimal to four places. The Town is required to calculate its tax levy limit for the upcoming year in accordance with the provision above and provide all relevant information to the New York State Comptroller prior to adopting its budget. The Tax Levy Limitation Law sets forth certain exclusions to the real property tax levy limitation of the Town, including exclusions for certain portions of the expenditures for retirement system contributions and tort judgments payable by the Town. The Town Board may adopt a budget that exceeds the tax levy limit for the coming fiscal year, only if the Town Board first enacts, by a vote of at least sixty percent of the total voting power of the Town Board, a local law to override such limit for such coming fiscal year.

TOWN OF FISHKILL, NEW YORK

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016

---

2. Stewardship, Compliance And Accountability (Continued)

**Capital Projects Fund Deficit**

The unassigned deficit in the Capital Projects Fund of \$794,959 primarily arises as a result of amounts due to the General Fund, loaned in previous years that does not currently have an identified funding source to pay such amounts back. The Town is currently assessing the availability of funding and will make repayment to the general fund as funds are identified.

**Adopted Accounting Pronouncements**

In February 2015, the GASB issued Statement No. 72, *Fair Value Measurement and Application*. This standard addresses accounting and financial reporting issues related to fair value measurements and provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. The Town adopted the provisions of Statement No. 72 for the year ending December 31, 2016 with no material effect on the financial statements.

In June 2015, the GASB issued Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement No. 68, and Amendments to Certain Provision of GASB Statement 67 and 68*. The objective of this Statement is to improve the usefulness of information about pensions included in the general purposes external financial reports of statement local governments for making decision and assessing accountability. The Town is required to adopt portions of the provisions of Statement No. 73 for the years ending December 31, 2016 and 2017, pending applicability. The Town considered the provisions related to GASB Statement No. 73 as of December 31, 2016, and concluded there is no material effect on the financial statements.

In June 2015, the GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The objective of this Statement is to identify, in the context of the current governmental financial reporting environment, the hierarchy of generally accepted accounting principles (GAAP) and reduce the GAAP hierarchy to two categories of authoritative GAAP and address the use of authoritative and nonauthoritative literature. The Town adopted the provisions of Statement No. 76 for the year ending December 31, 2016, with no material effect on the financial statements.

In August 2015, the GASB issued Statement No. 77, *Tax Abatement Disclosures*. The objective of this Statement is to assist financial statement users in assessing (1) whether a government's current-year revenues were sufficient to pay for current-year services (known as interperiod equity), (2) whether a government complied with finance-related legal and contractual obligations, (3) where a government's financial resources come from and how it uses them, and (4) a government's financial position and economic condition and how they have changed over time. The Town adopted the provisions of Statement No. 77 for the year ending December 31, 2016, with no material effect on the financial statements. The Town began implementation as of December 31, 2016. See Footnote 8 for details of this implementation.

**TOWN OF FISHKILL, NEW YORK**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016**

**3. Capital Assets**

Capital asset activity for the year ended December 31, 2016 was as follows:

	Balance January 1, 2016	Increases	Decreases	Balance December 31, 2016
Capital assets not being depreciated:				
Land	\$ 3,133,319	\$ -	\$ -	\$ 3,133,319
Construction in progress	282,285	351,508	-	633,793
Total capital assets, not being depreciated	<u>3,415,604</u>	<u>351,508</u>	<u>-</u>	<u>3,767,112</u>
Capital assets being depreciated:				
Buildings and improvements	28,102,465	148,160	-	28,250,625
Infrastructure	5,751,505	560,842	-	6,312,347
Machinery and equipment	8,637,323	1,360,845	-	9,998,168
Total Capital Assets being depreciated	<u>42,491,293</u>	<u>2,069,847</u>	<u>-</u>	<u>44,561,140</u>
Less Accumulated Depreciation for:				
Buildings and improvements	7,912,486	769,513	-	8,681,999
Infrastructure	1,540,444	65,102	-	1,605,546
Machinery and equipment	8,246,201	87,821	-	8,334,022
Total accumulated depreciation	<u>17,699,131</u>	<u>922,436</u>	<u>-</u>	<u>18,621,567</u>
Total capital assets, net	<u>\$ 28,207,766</u>	<u>\$ 1,498,919</u>	<u>\$ -</u>	<u>\$ 29,706,685</u>

Depreciation expense was charged to the Town's functions and programs in the government-wide financial statements as follows:

General government support	\$ 72,550
Public safety	487,876
Transportation	137,443
Culture and recreation	122,684
Home and community services	<u>101,883</u>
Total depreciation expense	<u>\$ 922,436</u>

**4. Due From/To Other Funds**

The balances reflected as due from/to other funds at December 31, 2016, were as follows:

Fund	Due From	Due To
General fund	\$ 475,199	\$ -
Town Outside Villages	8,477	-
Special Districts	15,445	-
Capital Projects	118,000	628,649
Highway	<u>22,827</u>	<u>11,299</u>
	<u>\$ 639,948</u>	<u>\$ 639,948</u>

The outstanding balances between funds result mainly from the time lag between the dates that 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made.

**TOWN OF FISHKILL, NEW YORK**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016**

**5. Short-Term Debt**

The schedule below details the changes in short-term debt.

	Year of Original Issue	Maturity Date	Rate of Interest	Balance 1/1/2016	New Issues	Redemptions	Balance 12/31/2016
Governmental Type Activities - Capital Projects Fund Bond Anticipation Notes:							
Snook Road Water	2015	7/15/2016	2.00%	\$ 211,090	\$ -	\$ 211,090	\$ -
Rombout Sewer	2016	7/14/2017	2.00%	435,000	-	50,000	385,000
Dutchess Park Sewer	2015	7/15/2016	2.00%	679,000	-	679,000	-
Meritt Water	2016	7/14/2017	2.00%	<u>1,680,011</u>	<u>-</u>	<u>60,011</u>	<u>1,620,000</u>
				<u>\$3,005,101</u>	<u>\$ -</u>	<u>\$ 1,000,101</u>	<u>\$2,005,000</u>

Liabilities for bond anticipation notes are generally accounted for in the Capital Projects Fund. Bond anticipation notes issued for judgments or settled claims are recorded in the fund paying the claim. Principal payments on bond anticipation notes must be made annually. State law requires that bond anticipation notes issued for capital purposes or judgments be converted to long-term obligations generally within five years after the original issue date. However, bond anticipation notes issued for assessable improvement projects may be renewed for period's equivalent to the maximum life of the permanent financing, provided that stipulated annual reductions of principal are made.

Interest expenditures of \$57,741 were recorded in the Special Districts Fund financial statements. Interest expense of \$44,019 was recorded in the government-wide financial statements for governmental activities.

**6. Long-Term Liabilities**

The following table summarizes changes in the Town's long-term liabilities for the year ended December 31, 2016:

Description	Balance 12/31/2015	Additions	Deletions	Balance 12/31/2016	Due Within One Year
Bonds payable	\$ 18,000,340	\$ -	\$ 773,513	\$ 17,226,827	\$ 792,693
Compensated absences	172,630	-	42,100	130,530	17,000
Landfill post-closure costs	345,100	-	30,100	315,000	31,050
Capital lease	209,227	1,200,000	344,296	1,064,931	290,330
Net pension liability	290,383	1,602,169	-	1,892,552	-
Other postemployment benefits	<u>4,126,015</u>	<u>707,801</u>	<u>117,207</u>	<u>4,716,609</u>	<u>117,000</u>
	<u>\$ 23,143,695</u>	<u>\$ 3,509,970</u>	<u>\$ 1,307,216</u>	<u>\$ 25,346,449</u>	<u>\$ 1,248,073</u>

Each governmental fund's liability for bonds, compensated absences, net pension liability, landfill closure costs, capital leases, retirement incentives and other pension obligations, and other post-employment benefit obligations are liquidated by the respective fund, primarily the General, Town Outside Village, Special Districts, and Highway funds.

**TOWN OF FISHKILL, NEW YORK**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016**

**6. Long-Term Liabilities (Continued)**

**Bonds Payable**

Bonds payable at December 31, 2016, are comprised of the following individual issues:

<u>Purpose</u>	<u>Year of Issue</u>	<u>Final Maturity</u>	<u>Original Issue Amount</u>	<u>Interest Rates</u>	<u>Amount Outstanding</u>
Rombout Water	2002	April 2021	\$ 1,368,232	4.132-4.982%	\$ 321,827
EFC Water	2012	May 2042	11,602,939	2.390-4.098%	10,455,000
Highway Reconstruction	2013	February 2017	250,000	3.95%	50,000
Recreation Building	2014	July 2034	2,785,000	3.00-4.00%	2,545,000
Police Facility-refunding	2015	April 2029	4,145,000	1.75-3.25%	<u>3,855,000</u>
					<u>\$ 17,226,827</u>

Interest expenditures for long-term bonds were recorded in the fund financial statements in the following funds:

<u>Fund</u>	<u>Amount</u>
General	\$ 94,350
Town Outside Villages	103,463
Special Districts	164,350
Highway - Town Outside Villages	<u>3,950</u>
	<u>\$ 366,113</u>

Interest expense of \$359,864 was recorded in the government-wide financial statements for governmental activities.

**Capital Leases**

During 2014, the Town entered into a lease purchase agreement in the amount of \$145,616 to purchase vehicles. The agreement provides for annual payments of \$51,309, including interest at 5.50%, through April 2016. The principal balance outstanding at December 31, 2016, was \$0.

During 2015, the Town entered into a lease purchase agreement in the amount of \$101,658 to purchase equipment. The agreement provides for annual payments of \$21,547 including interest at 2.99%, through October 2019. The principal balance outstanding at December 31, 2016, was \$60,959.

During 2015, the Town entered into a lease purchase agreement in the amount of \$109,811 to purchase equipment. The agreement provides for annual payments of \$38,665, including interest at 3.59%, through February 2018. The principal balance outstanding at December 31, 2016, was \$44,112.

During 2016, the Town entered into a lease purchase agreement in the amount of \$1,200,000 to purchase vehicles and equipment. The agreement provides for annual payments of \$125,398, including interest at 1.98%, through April 2020. The principal balance outstanding at December 31, 2016, was \$959,860.

Interest expenditures of \$18,021 was recorded in the Town Outside Village Fund. Interest expense of \$21,274 was recorded in the government-wide financial statements for governmental activities.

**TOWN OF FISHKILL, NEW YORK**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016**

**6. Long-Term Liabilities (Continued)**

**Payments to Maturity**

The annual requirements to amortize all bonded debt outstanding as of December 31, 2016, including interest payments of \$6,885,472 are as follows:

Year Ending December 31,	Bonds		Capital Lease		Total	
	Principal	Interest	Principal	Interest	Principal	Interest
2017	792,693	\$ 511,868	\$ 290,330	\$ 20,677	\$ 1,083,023	\$ 532,545
2018	747,693	495,410	264,280	14,507	1,011,973	509,917
2019	757,693	480,347	263,207	9,136	1,020,900	489,483
2020	776,871	464,259	247,114	3,682	1,023,985	467,941
2021-2025	3,816,877	2,040,932	-	-	3,816,877	2,040,932
2026-2030	3,845,000	1,454,464	-	-	3,845,000	1,454,464
2031-2035	2,730,000	898,522	-	-	2,730,000	898,522
2036-2040	2,580,000	445,016	-	-	2,580,000	445,016
2041-2042	1,180,000	46,652	-	-	1,180,000	46,652
	<u>\$ 17,226,827</u>	<u>\$ 6,837,470</u>	<u>\$ 1,064,931</u>	<u>\$ 48,002</u>	<u>\$ 18,291,758</u>	<u>\$ 6,885,472</u>

The above general obligation bonds are direct obligations of the Town, for which its full faith and credit are pledged and are payable from taxes levied on all taxable real property within the Town.

**Compensated Absences**

Employees represented by the Town of Fishkill Police Fraternity, Inc. agreement do not receive vacation or sick time. Employees represented by the Town's employee handbook earn vacation during the fiscal year which can be carried over to the succeeding year, subject to limitations as provided in the employee handbook. Employees represented by the employee handbook are entitled to accumulate sick leave up to a maximum amount stipulated in the handbook. Upon retirement or separation of service, employees may be compensated for half of their accumulated unused sick time. The value of all compensated absences has been reflected in the government- wide financial statements.

**Pension Plans**

The Town participates in the New York State and Local Employees' Retirement System ("ERS") and the New York State and Local Police and Fire Retirement System ("PFRS") which are collectively referred to as the New York State and Local Retirement System ("System"). These are cost-sharing, multiple-employer defined benefit pension plans. The System provides retirement benefits as well as death and disability benefits. The net position of the System is held in the New York State Common Retirement Fund ("Fund"), which was established to hold all net assets and record changes in plan net position. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. The Comptroller is an elected official determined in a direct statewide election and serves a four year term. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law ("NYSRSSL"). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of State statute.

**TOWN OF FISHKILL, NEW YORK**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016**

---

**6. Long-Term Liabilities (Continued)**

The Town also participates in the Public Employees' Group Life Insurance Plan, which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. That report, including information with regard to benefits provided may be found at [www.osc.state.ny.us/retire/publications/index.php](http://www.osc.state.ny.us/retire/publications/index.php) or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, New York 12244.

The System is noncontributory except for employees who joined after July 27, 1976, who contribute 3% of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010, who generally contribute between 3% and 6% of their salary for their entire length of service. Under the authority of the NYSRSSL, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the System's fiscal year ending March 31. The employer contribution rates for the plan's year ending in 2016 are as follows:

	Tier/Plan	Rate
ERS	2 75G41J	18.9 %
	3 A1441J	16.0
	4 A1541J	16.0
	5 A1541J	13.1
	6 A1541J1	9.3
PFRS	2 375G	16.8
	2 384D	24.1

At December 31, 2016, the Town reported a liability of \$1,349,017 for its proportionate share of the net pension liability of ERS and a liability of \$543,535 for its proportionate share of the net pension liability of PFRS. The net pension liability was measured as of March 31, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of April 1, 2015. The Town's proportion of the net pension liability was based on a computation of the actuarially determined indexed present value of future compensation by employer relative to the total of all participating members. At December 31, 2016, and 2015, the Town's proportion was .0084049% and .0069803% for ERS, respectively, and .0183578% and .0198249% for PFRS, respectively.

For the year ended December 31, 2016, the Town recognized pension expense in the government-wide financial statements of \$489,419 for ERS and \$188,431 for PFRS. Pension expenditures of \$336,715 for ERS and \$136,883 for PFRS were recorded in the fund financial statements and were charged to the following funds:

	ERS	PFRS
General Fund	\$ 180,220	\$ -
Town Outside Villages	78,218	136,883
Highway	78,277	-
	<u>\$ 336,715</u>	<u>\$ 136,883</u>

**TOWN OF FISHKILL, NEW YORK**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016**

**6. Long-Term Liabilities (Continued)**

At December 31, 2016, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	ERS		PFRS	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 6,817	\$ 159,904	\$ 4,875	\$ 82,176
Changes of Assumptions	359,742	-	234,316	-
Net difference between projected and actual earnings on pension plan investments	800,311	-	304,607	-
Changes in proportion and differences between the Town's contributions and proportionate share of contributions	40,488	13,843	-	57,314
Contributions subsequent to the measurement date	317,884	-	155,826	-
	<u>\$1,525,242</u>	<u>\$ 173,747</u>	<u>\$699,624</u>	<u>\$139,490</u>

\$317,884 and \$155,826 reported as deferred outflows of resources related to ERS and PFRS, respectively, resulting from the Town's accrued contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended March 31, 2017.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ERS and PFRS will be recognized in pension expense as follows:

	ERS	PFRS
Plan's Year Ended March 31:		
2017	\$ 262,879	\$ 97,349
2018	262,879	97,349
2019	262,879	97,349
2020	244,974	97,349
2021	-	14,912
Thereafter	-	-
	<u>\$ 1,033,611</u>	<u>\$ 404,308</u>

The total pension liability for the March 31, 2016, measurement date was determined by using an actuarial valuation as of April 1, 2015, with update procedures used to roll forward the total pension liabilities to March 31, 2016. Significant actuarial assumptions used in the April 1, 2015, valuation were as follows:

Actuarial cost method	Entry Age normal
Inflation	2.50%
Salary Scale	3.8% in ERS, 4.5% in PFRS, indexed by service
Investment rate of return	7.0% Compounded annually, net of investment expenses, including inflation
Cost of living adjustments	1.3% annually

**TOWN OF FISHKILL, NEW YORK**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016**

---

**6. Long-Term Liabilities (Continued)**

Decrements were developed from a 2015 experience study of the period April 1, 2010, through March 31, 2015. Mortality improvements are based on the Society of Actuaries Scale MP-2014.

The actuarial assumptions used in the April 1, 2015, valuation are based on the results of an actuarial experience study for the period April 1, 2010 - March 31, 2015.

The long-term expected rate of return on pension plan investments was determined in accordance with Actuarial Standard of Practice ("ASOP") No. 27, Selection of Economic Assumptions for Measuring Pension Obligations. ASOP No. 27 provides guidance on the selection of an appropriate assumed investment rate of return. Consideration was given to expect future real rates of return (expected returns, net of pension plan investment expense and inflation) for equities and fixed income as well as historical investment data and plan performance.

Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of March 31, 2016 are summarized below.

Asset Type	Target Allocations in %	Long-Term expected real rate of return in %
Domestic Equity	38	7.30
International Equity	13	8.55
Private Equity	10	11.00
Real Estate	8	8.25
Absolute Return	3	6.75
Opportunistic Portfolio	3	8.60
Real Asset	3	8.65
Bonds & Mortgages	18	4.00
Cash	2	2.25
Inflation-Indexed Bonds	2	4.00
	<u>100%</u>	

The discount rate used to measure the total pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based upon those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**TOWN OF FISHKILL, NEW YORK**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016**

**6. Long-Term Liabilities (Continued)**

The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 7.0%, as well as what the Town's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6.0%) or 1 percentage point higher (8.0%) than the current rate:

	1 % Decrease (6.0%)	Current Assumption (7.0%)	1% Increase (8.0%)
Proportionate Share of ERS net pension liability (asset)	\$ 3,041,936	\$ 1,349,017	\$ (81,427)
Proportionate Share of PFRS net pension liability (asset)	\$ 1,214,042	\$ 543,535	\$ (18,496)

The components of the collective net pension liability as of March 31, 2016 measurement date were as follows (amounts in thousands):

	ERS	PFRS	Total
Total Pension Liability	\$ 172,303,544	\$ 30,347,727	\$ 202,651,271
Plan fiduciary net position	(156,253,265)	(27,386,940)	(183,640,205)
Employers' net pension liability	<u>\$ 16,050,279</u>	<u>\$ 2,960,787</u>	<u>\$ 19,011,066</u>

Plan fiduciary net position as a percentage of total pension liability <i>Voluntary Defined Contribution Plan</i>	90.7%	90.2%	90.6%
---	-------	-------	-------

The Town also offers a defined contribution plan to all non-union employees hired on or after July 1, 2013 and earnings at the annual full-time salary rate of \$75,000 or more. The employee contribution is between 3% and 6% depending on salary and the Town will contribute 8%. Employer contributions vest after 366 days of service. No current employees participated in this program.

**Joint Venture/Landfill Closure Costs**

The Town entered into an agreement with the Town of East Fishkill in 1980 to operate the Fishkill/East Fishkill Joint Landfill for a period of twenty years. All costs of operations and maintenance were shared equally by each municipality. The Joint Landfill was ordered closed under a consent order signed with the New York State Department of Environmental Conservation, last modified in 1993. The landfill has not accepted waste since 1986 and was completely closed and capped by July 1997.

The following is a summary of financial information included in the unaudited financial document of this joint venture:

Total assets	\$ 1,333,652
Net position	1,333,652
Total operating revenues	24,000
Total operating expenses	29,742

**TOWN OF FISHKILL, NEW YORK**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016**

---

**6. Long-Term Liabilities (Continued)**

State and Federal laws and regulations require the Town to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The Joint Landfill estimates the total future post-closure care costs to be \$913,900. The amount of \$315,000 reported as a landfill closure costs liability in the government-wide financial statements, at December 31, 2016, represents the Town's 50% share of the estimated remaining liability. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

**Other Post Employment Benefit Obligations**

In addition to providing pension benefits, the Town provides certain health care benefits for retired employees through a single employer defined benefit plan. The various collective bargaining agreements stipulate the employees covered and the percentage of contribution. Contributions by the Town may vary according to length of service. The cost of providing post-employment health care benefits is shared between the Town and the retired employee. Substantially all of the Town's employees may become eligible for those benefits if they reach normal retirement age while working for the Town. The cost of retiree health care benefits is recognized as an expenditure as claims are paid within the governmental funds.

The Town's annual other postemployment benefit ("OPEB") cost (expense) is calculated based on the annual required contribution, ("ARC"), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. GASB Statement No. 45 establishes standards for the measurement, recognition and display of the expenses and liabilities for retirees' medical insurance. As a result, reporting of expenses and liabilities will no longer be done under the "pay-as-you-go" approach. Instead of expensing the current year premiums paid, a per capita claims cost will be determined, which will be used to determine a "normal cost", an "actuarial accrued liability", and ultimately the ARC'. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years.

Actuarial valuations for OPEB plans involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Calculations are based on the OPEB benefits provided under the terms of the substantive plan in effect at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. In addition, the assumptions and projections utilized do not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. The actuarial calculations of the OPEB plan reflect a long-term perspective.

The Town is required to accrue on the government-wide financial statements the amounts necessary to finance the plan as actuarially determined, which is equal to the balance not paid by plan members. Funding for the Plan has been established on a pay-as-you-go basis. The assumed increase in rates of healthcare costs in postretirement benefits are as follows:

<u>Year Ended December 31,</u>	<u>Pre-65</u> <u>Medical</u>	<u>Post-65</u> <u>Medical</u>
2017	9.0%	9.0%
2018-2024	5.0%	5.0%
2025+	0.5%	0.5%

**TOWN OF FISHKILL, NEW YORK**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016**

**6. Long-Term Liabilities (Continued)**

The amortization basis is the level dollar method with an open amortization approach with 24 years remaining in the amortization period. The actuarial assumptions include a 4% investment rate of return. The Town currently has no assets set aside for the purpose of paying postemployment benefits. The actuarial cost method utilized was the projected unit credit method.

The number of participants as of December 31, 2016 was as follows:

Active Employees	45
Retired Employees	<u>15</u>
	60

Amortization Component:

Actuarial Accrued Liability as of January 1, 2016	\$ 6,101,819
Assets at Market Value	<u>-</u>
Unfunded Actuarial Accrued Liability ("UAAL")	<u>\$ 6,101,819</u>
Funded Ratio	0.00%
Covered Payroll (Active plan members)	\$ 1,986,200
UAAL as a Percentage of Covered Payroll	307%
Annual Required Contribution	\$ 676,028
Interest on Net OPEB Obligation	165,041
Adjustment to Annual Required Contribution	<u>(133,268)</u>
Annual OPEB Cost	707,801
Contributions Made	<u>(117,207)</u>
Increase in Net OPEB Obligation	590,594
Net OPEB Obligation - Beginning of Year	<u>4,126,015</u>
Net OPEB Obligation - End of Year	<u>\$ 4,716,609</u>

The Town's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the current and two preceding years:

<u>Fiscal Year Ended December 31,</u>	<u>Annual</u> <u>OPEB</u> <u>Cost</u>	<u>Percentage</u> <u>of Annual</u> <u>OPEB Cost</u> <u>Contributed</u>	<u>Net OPEB</u> <u>Obligation</u>
2016	707,801	16.56%	4,716,609
2015	649,222	16.99%	4,126,015
2014	859,193	18.90%	3,587,108

The schedule of funding progress for the OPEB plan immediately following the notes to the financial statements presents multi-year trend information about whether the actuarial value of the plan assets is increasing or decreasing relative to the actuarial accrued liability for the benefits over time.

**TOWN OF FISHKILL, NEW YORK**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016**

**7. Interfund Transfer**

Interfund transfers are defined as the flow of assets, such as cash or goods and services, without the equivalent flow of assets in return. The interfund transfers reflected below have been reflected as transfers:

Transfers Out	Transfers In			Total
	General Fund	Special Districts Fund	Capital Projects Fund	
General fund	\$ -	\$ 271,600	\$ -	\$ 271,600
Town Outside Villages	-	169,750	-	169,750
Special Districts	124,890	-	1,000,100	1,124,990
	<u>\$ 124,890</u>	<u>\$ 441,350</u>	<u>\$ 1,000,100</u>	<u>\$ 1,566,340</u>

Transfers are used to move amounts earmarked in the operating funds to fulfill commitments for General, Special Districts and Capital Projects funds expenditures

**8. Tax Abatements**

All real property in New York State is subject to taxation unless specific legal provision grant it exempt status. Real property exemptions are granted on the basis of many different criteria, including the use to which the property is put, the owner's ability to pay taxes, the desire of the state and local governments to encourage certain economic or social activities, and other considerations. Most exemptions are granted under Article 4 of the Real Property Tax Law, but others are authorized by a wide variety of statutes ranging from Article 18-A of the Real Property Tax Law, the Agriculture and Markets Law, and the Transportation Law. Certain exemptions provide full relief from taxation (wholly exempt property) and others reduce the taxes which would otherwise be payable by varying degrees (partially exempt property). Some exemptions apply to taxes levied for county, city/town, and school purposes, whereas others pertain only to certain of these purposes. Some tax exemptions are mandated by State law, others are subject to local option and/or local determination of eligibility criteria.

The Town has three real property tax abatement agreements that are entered into by either the Town or by the Dutchess County Industrial Development Agency. These agreements provide for abatement of real property taxes in exchange for payment in lieu of taxes (PILOT) in accordance with the Town's Tax Exemption Policy. PILOT's are granted in accordance with various activities such as new affordable housing construction, purchase of an existing facility, or the improvement or expansion of an existing facility. There are also policies for recapture of PILOTS should the applicant not meet certain criteria.

The following are the PILOT agreements and the percentage of real property tax that has been abated for the year ended December 31, 2016.

Agreement Purpose	Assessment	Tax Rate	Tax Value	PILOT Received	Amount of Tax Abated
By the Dutchess Industrial Development Agency:					
GPSDC (New York), Inc. - Economic Development	\$ 169,163,100	4.11	\$ 695,260	\$ 172,700	\$ (522,560)
By the Town of Fishkill:					
Horizons at Dogwood Lane, LLC - Affordable Housing	2,250,000	4.11	9,248	23,160	13,912
Rocky Glen, LLC - Affordable Housing	4,250,000	4.11	17,468	31,779	14,311
Total			<u>\$ 721,976</u>	<u>\$ 227,639</u>	<u>\$ (494,337)</u>

## 9. COMMITMENTS AND CONTINGENCIES

### Litigation

For a number of years, the Town was a member of the Public Entity Trust of New York workers' compensation self-insurance trust ("PETNY"). PETNY became underfunded and was terminated in 2007. In May, 2010, the Workers' Compensation Board ("WCB") sent final assessment invoices to each of the former PETNY members for what the WCB claimed was each member's pro-rata share of the deficit. The total claimed by the WCB due for the Town's share was \$288,340. The WCB has since adjusted its claim downward to \$239,534. The Town continues to refuse to pay that amount, in part because WCB has not pursued appropriate avenues of recovery from parties responsible for the deficit and has settled against certain trust members whose improprieties were among the causes for the trust's collapse. It's difficult to determine the extent of the Town's actual obligation. The Town presently has no open claims. While there is no certainty, the Town is hopeful that its ultimate obligation of the Town will be less than what the WCB seeks.

The Town, in 2009, entered into a developer's agreement with a Trust company, under which, this Trust may, at some future point, become entitled to a refund of a portion of an application fee that was paid to the Town. The amount of the fee was \$324,120. The maximum exposure of the Town, should it be found obligated to a refund, is two-thirds of the special permit fee. A notice of claim was filed with the Town on March 27, 2013. The Town believes that the filing of this notice of claim was untimely. No action has been commenced against the Town and the time to do so has now expired. The Town therefore believes they have both substantive and procedural defenses to this claim.

The Town, in common with other municipalities, receives numerous notices of claims for money damages arising from false arrest, malicious prosecution, false imprisonment, or personal injury. Of the claims pending, none are expected to have a material effect on the financial position of the Town if adversely settled.

### Risk Management

The Town purchases various conventional insurance coverages to reduce its exposure to loss. The public officials and law enforcement liability policies provide coverage up to \$2 million for each policy. The general liability policy provides coverage up to \$3 million. In addition, the Town maintains an umbrella policy with a limit of \$14 million. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The Town also purchases conventional medical and workers' compensation coverage.

### Contingencies

The Town participates in various State and Federal grant programs. These programs may be subject to program compliance audits pursuant to the laws and regulations. Accordingly, the Town's compliance with applicable grant requirements will be established at a future date. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the Town anticipates such amounts, if any, to be immaterial.

The Town is also defendant in numerous tax certiorari proceedings, the results of which generally require tax refunds on the part of the Town. The amount of possible refunds cannot be determined at the present time and any refunds resulting from adverse settlements will be funded in the year in which the payments are made.

#### 10. Relevant Pending Accounting Pronouncements

In June 2015, the GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* – a replacement of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended and GASB Statement No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. The objective of this Statement is to establish standards for recognizing and measuring liabilities, expenditures and deferred inflows of resources related to other postemployment benefit plans (OPEB). In regards to defined benefit OPEB plans, this statement defines the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employment service. This Statement also details recognition and disclosure requirements for employers with payables to defined benefit OPEB plans administered through trusts and for employers whose employees are provided with defined contribution OPEB plans. The Town is required to adopt the provisions of this Statement for the year ending December 31, 2018, with early adoption encouraged.

In November 2016, GASB issued Statement No. 83, *Certain Asset Retirement Obligations* (GASB 83). GASB 83 addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The requirements of GASB 83 are effective for reporting periods beginning after June 15, 2018. The Town has not evaluated the effect of GASB 83 on its financial statements.

In January of 2017, GASB issued Statement No. 84, *Fiduciary Activities*. The objective of Statement No. 84 is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. Statement No. 84 establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The Town has not evaluated the effect of GASB 83 on its financial statements.

**REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED)**

**TOWN OF FISHKILL NEW YORK**

**SCHEDULE OF FUNDING PROGRESS - OTHER POST EMPLOYMENT BENEFIT PLAN (UNAUDITED)  
FOR THE YEAR ENDED DECEMBER 31, 2016**

Actuarial valuation date	(a) Actuarial value of assets	(b) Actuarial accrued liability (AAL)	(b-a) Unfunded AAL (UAAL)	(a/b) Funded ratio	(c) Covered payroll	((b-a)/c) UAAL as a percentage of covered payroll
January 1, 2016	\$ -	\$ 6,101,819	\$ 6,101,819	0%	\$ 1,986,200	307%
January 1, 2015 (1)	\$ -	\$ 5,676,548	\$ 5,676,548	0%	\$ 1,986,200	286%
January 1, 2014	\$ -	\$ 7,631,334	\$ 7,631,334	0%	\$ 1,679,777	454%

(1) The decrease in the accrued liability is due to a reduction in actual claim costs and trends in the plans' premium rates. The Town changed the pre-65 retirement plan and added a plan for the post-65 retirees, which were less expensive than the previous plan rates.
