

WATER METER SYSTEM MODERNIZATION PROJECT RFP # 16-004
REQUESTS FOR INFORMATION (RFI)
RFI # 001

Question 1:

Can the Town provide the Known Inventory PDF in Excel format?

Response:

The PDF version is purposely provided in the RFP to ensure the data provided is consistent for all vendors. If a vendor wishes to reconfigure the PDF version into Excel format, that is the Vendor's responsibility. Upon a successful award, information will be provided in excel or any other format available to the Town through its existing software.

Question 2:

Can the Town provide a list of Town owned properties and addresses: water tanks, pump stations, buildings, etc..?

Response:

Attached is a Table of Town owned properties with addresses. This provides the information currently available to the Town but is not certified as a complete list and is subject to change. Any proposed use of these facilities for equipment will need to be evaluated by the Town to confirm its use does not impact the serviceability of the property for its current or future use and is in the best interest of the town.

Question 3:

How is this project being funded: NY State, town-funded, etc..?

Response:

The Town is funding the project at this time. However, the Town would reserve its right to seek other funding sources as it deems in its best interests. If other funding is obtained prior to the bid, this would be clarified by addendum and all contractor costs (administrative or otherwise) would need to be included in the bid. If funding becomes available after a contract is awarded, any additional contractor costs would be adjusted within the provisions of the contract.

Question 4:

There appears to be a typo regarding the due date for the Proposal?

Response:

The due date for the response to the RFP is January 9, 2017 as stated on the cover page. Within the RFP on page 11 it identifies the RFP Response due date as January 9, 2016 which is a typo.

TOWN OF FISHKILL PROPERTIES

PROPERTY	ADDRESS	
Town Hall	807 Route 52	
Recreation Facility	793 Route 52	
Picnic Site	635 Washington Ave	
Athletic Field	93 Route 82
