Town of Fishkill

Water and Sewer Rate Schedule - January 01, 2018

Water and sewer rates by law, must be charged at cost to the actual users of the service. Multiple water and sewer districts were developed in Fishkill each with its own contractual relationships for water source, water distribution, sewage collection and sewage processing. Due to the nature of this pattern of development, several billing arrangements are in effect. The rates below are charged to residents receiving water and/or sewer service from the Town of Fishkill. Most residential customers are charged a base minimum charge plus the cost for any metered consumption over that minimum.
